<sup>1</sup> The amount of 34 € assigned to the Documentation Service (Library) is included in the registration fees

<sup>2</sup> This lowered rate is related to the students:

- who benefit from a « year off » (= année de césure)
- who are registered at the same time to get a double degree at Grenoble INP - UGA
  - In the case of a double-course Engineering course / Master course, the registration in the Engineering course is considered as the main registration whose fees are to be payed at the full rate ; the lowered rate of the tuition fees applies as for it to the Master course whose registration is then taken into account as a second registration.

<sup>3</sup> This amount is the result of a decision validated by the Board of Directors of the institution

**The replacement cost of a student card is € 15**

Deliberation by Grenoble INP Institute of Engineering's Board on June 12, 2025 (Decision no. CA20250609)

- ▶ The use of a credit card is not unlimited. For each credit card, there is a ceiling, that is a withdrawal or payment threshold that you cannot exceed over a certain period of time → this ceiling has to be checked before the payment of the registration fees in order to prevent its blockage
- ▶ In the case of the use of a "E-credit card", the payment by installment is not possible
- ▶ Payment in installment (3 times): a credit card with a validity date greater than the last payment date is required
- ▶ Cash and cheques will not be accepted, except in exceptional situations when no other means of payment is possible.
